

THE PRESSURE EQUIPMENT DIRECTIVE (2014/68/EU)

DECLARATION OF CONFORMITY

1. Name and Address of Manufacturer:

Issued under the sole responsibility of Parker Hannifin Manufacturing Ltd. Instrumentation Products Division Europe, Riverside Road, Pottington Business Park, Barnstaple, EX31 1NP, England.

2. Description of Pressure Equipment:

Cryogenic Flow Divertor Valves up DN25 (CJF), suitable for use:

- in oxygen service and are compliant with BS EN 1797 Part 1 oxygen compatibility
- up to a maximum allowable working pressure of 50 bar (subject to end connections as detailed on the individual Inspection Certificate / Test Certificate)
- within the temperature range minus (-) 196 °C to plus (+) 65 °C
- with the following gases and liquefied gases: O₂, N₂, Ar, CO₂, CH₄, CHF₃, C₂H₄, Kr, Ne, He, H₂, N₂O, SF₆, C₂H₆

3. This equipment is covered by article 4 paragraph 3 of 2014/68/EU

4. Name and Address of the Notified Body which carried out the Inspection:

Not applicable

5. Name and Address of the Notified Body monitoring the manufacturer's quality assurance system (ISO 9001:2015; Approved Body No. 0086):

BSI, Kitemark Court, Davy Avenue, Knowlhill, Milton Keynes MK5 8PP, England.

6. Harmonised Standards used:

CEN 1982, CEN 1626

Technical Standards and Specifications used:

BS EN 1982 CC491K, BS EN 1044, BS EN 1045, BS EN 13133, BS EN 13134, BS EN 12164 CW721R, BS EN 12164 CW614N

Other European Directives used:

BS EN 1626, ISO 21011, BS EN 12516-2 & BS EN 12516-4

7. Authorised Person for the manufacturer:

Name:

Kevin Ballard

Title:

Division Engineering Manager

Date:

2nd March 2026
